

TabLines

TDL001 DIEBLock cable lock for TBS tablet stand, 3m

Description

The TabLines TDL001 DIEBLock cable lock for TBS tablet floor stands is the perfect addition to the anti-theft device of the TBS Design tablet stand.

The Design TBS Tablet Stand from TabLines is used in meeting and conference rooms, at airports as a check-in terminal, as an interactive information source in showrooms, such as car dealerships, furniture shops, galleries, museums or shopping centres. The DIEBLock cable lock made of high-quality and rustproof materials in 3m length makes the TBS tablet stands from TabLines theft-proof. 3 keys and a security lock are included.
