

TabLines TWC001 flat tablet wall mount Click, white

Description

With the TabLines TWC001 Click tablet wall mount for 7 to 12 inch tablets you can easily mount almost any tablet on the wall and easily remove it when needed. The universal tablet holder can be easily installed on the wall with two screws. The 7-12" tablet can be easily clamped in the extendable tablet mount and rotated 360° together with the tablet wall bracket.

The flat tablet wall mount can be rotated a total of 360 degrees in 45° steps with the name-giving "Click", so that you can conveniently use your tablet in both portrait and landscape format. With an optionally available USB power supply unit for power supply, the tablet wall holder can be used as a practical charging station. In addition, the surface-mounted wall mount is suitable for the use of SmartHome applications.
